### Trophy hunting on Hamakari Family Wilhelm Diekmann 2025

Experience unforgettable hunting on Hamakari, our farm in the vicinity of the Waterberg. On Hamakari you will find the original game density and varied species of southern Africa.

In our typical grass savannah, you can hunt kudu, eland, oryx, springbok, impala, warthog and other African plains game species. Our large and well-developed game trophies have often been awarded with prizes.

Hunt with our experienced and competent guides. During game stalking and sitting in a hide the acquiring of an ethical shot of the game will be made possible. After a successful hunt we will collect and skin the game and do the field preparation. We will gladly advise you on a choice of a renowned local taxidermist and a reliable shipping agent for your trophies to be sent to you.

After a breathtaking sunset over the ridge of the Waterberg your fulfilling and exciting hunting day will come to an end and you can relax around the fireside under the starry skies of Namibia. Enjoy the meals prepared by our Namibian-German kitchen, our local beer and South African wines.

Accommodation is in very comfortable, spacious rooms with en-suite bath and toilet. Our daily rates do not include any hidden costs. Hamakari's African ambience and European know-how guarantee you an unforgettable hunting experience.

Fair chase!
